BUCKWHEAT HULLS SPECIFICATION

The contents of this document are confidential and intended solely for Minn-Dak use.

This product shall comply in every respect with the Federal Food, Drug, and Cosmetic Act, Federal Laws, State laws, and the requirements of this specification.

Description

Buckwheat Hulls are prepared from the buckwheat seed in which the fruit has been removed.

Characteristics

Physical

Color:	Black to brown.	
Density:	10-12 lbs./bushel	

Chemical

Moisture:	14.5%	Maximum

Intended Use

This product is intended for use as bedding material. If intended for human consumption or animal feed, please undertake additional processing steps (such as milling, sifting, cooking, etc.) to eliminate potential food safety risks.

Packaging

This product is normally packed in 20 lb. woven poly bags, 700lb poly totes, or shipped bulk. Product name, brand, and production code identify each bag.

Storage and Shelf-life:

Minimum shelf life of 36 months from the date of manufacture, when transported and stored in a clean, dry, infestation-free environment. The product should be stored away from excess heat, moisture, and direct sunlight.

Suitability Information

Non-GMO
Vegetarian Suitable
Vegan Suitable

Country of Origin
USA

Natural
Our products do not contain any animal derivatives, added color, artificial flavors, or synthetic substances; nor have they been exposed to ethylene oxide treatment (ETO) or propylene oxide treatment (PPO).

*When handling buckwheat hulls, we recommend using a dust mask, as dust from degraded shells may cause irritation.

Approval:  Issue Date: Jan 2026
Title: QA / QC Manager

Upon receiving the shipment, Buyer must report to Minn-Dak Ag any damaged items within 10 days of receiving. Reporting must have evidence by video, photograph, and a detailed description of the condition of the products and the damage in which the item arrived. Minn-Dak Ag will not accept damage claims if products have been removed from their original pallet or box or if protective wrap or cardboard has been removed. Minn-Dak Ag is not responsible for shipping damage, like shifting of pallets, water damage, broken bags due to pallet movement, or mold.
